

## Jesus Appears to Disciples John 20:19-31; Mark 16:14; Luke 24:36-43

Jesus' disciples are hiding in a locked room, when Jesus appears! Thomas isn't there, so he doubts whether they really saw Jesus. He needs to see Jesus and touch his wounds. Jesus appears again and Thomas sees and believes. Jesus helps us believe in him, too.

*"Still they stood there in disbelief, filled with joy and wonder" (Luke 24:41).*

### Through the Week

Take fun family pictures that make things look unbelievable! Try these examples:

- Use "forced perspective" (where one person is close and one is far away) to make it look like one family member is a tiny figure standing in another's hand.
- Use forced perspective to make it look like someone is picking up your house or apartment building between his or her fingers.
- Use forced perspective to make it look like one family member is about to step on the others.
- Take a picture with a toy close to the camera and a family member far away, so they look the same size.
- Take a picture where it looks like your family is holding up the moon.
- Talk about how we can know that Jesus being alive is no photography trick, because Jesus helps us believe in him!

### Talk About This...

- What do you believe about Jesus?
