

Hi Everyone!

It's me Murphy the Sunday School Mascot reaching out to say hello and to tell you how much I loved Sunday School last week. It was wonderful to learn about Jesus' first miracle - how he turned simple water into something so much more! Have you seen any miracles this week? I think I will go sniff around and see if I can see some to share with you!

Don't forget we also learned that Love is ... patient. It was amazing that so many of you knew what it meant to be patient. As a dog, I don't tend to be very patient ... especially when there are dog treats around, but I know it is important to be patient with people and to share God's love in that way. I think this week maybe I will think less about treats and more about love. What do you think?

A special note from my friends on the Praise Team - this week we are going to learn the song "Peace Like a River" and ... yay! ... we get to play the tambourines!

I can't wait to see you all on Sunday! Come and join us in the Fellowship Hall at 10:00 a.m. Don't forget to find me and bring me to Sunday School ... I wouldn't want to miss anything!

Prayers that everyone is having a great week ...

Murphy
