

Murphy & Dr. Ozzy, Scientists Extraordinaire

Good afternoon fellow Scientists,

Murphy and Dr. Ozzy here just dropping you a note to say ... WOW, what fun we are having at God's Wonder Lab! Are you having fun too? I remember when I was writing you before God's Wonder Lab started that I was so excited to do the experiments, sing the songs, do the crafts and play the games, but now, I am so excited that we get to teach Dr. Ozzy about Jesus through sharing the stories of Jesus' miracles! Hasn't it all been amazing?

Dr. Ozzy, what do you think?

I think that you all are a hoot! You make learning about Jesus remarkable! I can't wait to continue to share my love of science with you as you share all your love with me. In the meantime, I think I need to run, there is a real whooodunit going on in the lab ... something is bubbling up! Murphy is that you??

Uh, oh ... better move on to other news ... Scientists, I wanted to share a picture of our adopted Elephant. For those of you who haven't heard about our Elephant, the donations we make each week to our Sunday School "whale bank" are going to care for an endangered species, the African Elephant. Do you know what "endangered" means? It means that if we don't take care of a particular creature of God's hand, that someday they will be all gone. So, we as a Sunday School, are sending our donations to support and care for our own Baby African Elephant. I will be bringing our new friend along on Sunday and we can name her and talk more about how we can care for God's creatures.

I can't believe this is already week three! What a great team of scientists and Disciples we are becoming! Don't forget, in God's Wonder Lab, we always have room for more scientists so invite your friends and family to join us.

Don't forget to get to church at 9:00 a.m. for God's Wonder Lab! I can't wait to see where this next adventure takes us.

Murphy

Top secret, as I was roaming about the church this week, I saw some clues that we might get to get our team leaders wet during game time! Hummmmm ... don't want to miss that!
